## Budget US Flags

Save money! 3'x5' printed poly/cotton flag for short-term use. Perfect for special events!  
**\$6.95** (101.103)

All our flags are constructed with quality:

- Embroidered Stars (appliquéd stars for flags 12'x18' and larger).
- Sewn Stripes with double-stitched seams.
- Outside edges have 4 rows of lock stitching to resist tearing.
- Heavy canvas headings with full-sized brass grommets.
- 100% Made in the U.S.A.

Choose your quality of fabric:

### Good: Cotton

Traditional, best-looking material. The material of choice for ceremonies or military honors. Best for short-term outdoor display or indoor use. Perfect for special events.

### Better: Nylon

Our most popular flag for outdoor home use. Your best value. Best material for retaining brilliant color. Quick-drying...ideal for rainy conditions. Lightweight...flies with the slightest breeze.

### Best: Polyester

Our toughest, strongest, longest-lasting flag. Engineered for industrial, commercial, or institutional use. Ideal where high winds, stressful or extreme conditions exist.

According to popular usage, the length of the flag should be approximately  $\frac{1}{4}$  the height of the pole.

## How Long Will My Flag Last?

Our flags meet or exceed the federal standard of 90 days of use (sunrise to sunset, with protection during inclement weather).

For best results, do not expose your flag to rain, snow, or abnormally high winds, as these elements can shorten your flag's life considerably.

Avoid flying your flag when it is wet. Flying a heavy, wet flag in the wind puts excessive strain on the fabric and stitching, and will greatly reduce the life of your flag. Should the flag become wet, spread it out and allow it to dry completely.

Regardless of how well it is constructed, a flag is not indestructible. Since they're made out of fabric and subjected to the elements, flags will wear out sooner or later. Reasonably good care of your flag can contribute greatly to give it a longer life.

## Cap Etiquette

- The left side (emblem side) of the cap is reserved only for the Legion emblem, city, county, district, or state lettering.
- If desired, the following items must be placed on the right side of the cap:
  - A) additional lettering, restricted to either the name of a Post, or to an officer title (such as "Past Commander"),
  - B) cap insignias or badges (for Past or Present officers),
  - C) consecutive membership insignia, membership stars, and/or authorized Legion or military services decorations.
- Names or nicknames of individual members cannot be used on caps.
- The Legion Uniform Cap should be worn by its members only when in attendance at official Legion meetings or ceremonies, or as official guests at patriotic or other civil functions, or by individuals when officially representing The American Legion on public occasions.
- A member is considered to be in uniform if wearing an official Legion Uniform Cap. Therefore, it is not proper to wear the cap while eating a meal at an official Legion or civic luncheon or dinner.
- The cap should be worn in a place of worship only by the Guard of Honor, Color Guard and Commander of same while in marching order or standing guard. When returned to and seated in pews, the cap should be removed.
- Legion posts marching in formation into a place of worship should uncover, at the door, hold the cap with the right hand over the heart until the arrival in the pews and commanded to take seats, remaining uncovered during the entire service. At the close of the service, upon command, the post shall arise, the members holding the cap with the right hand over the heart will march out of the place of worship, and recover after marching through the door.
- Legion members not in formation will uncover upon entering the place of worship and remain uncovered during the entire service, and will recover after leaving the place of worship.
- When at a funeral, the cap should be held over the heart as one approaches the casket, and is not at any time worn in a place of worship (except by the Guard of Honor, Color Guard or Commander of same while in marching order or standing guard). At the graveside, the cap should be held in the right hand over the heart during the entire service. In cold and inclement weather, the cap should not be worn.
- In Legion meetings, the cap should be worn except during moments of the Pledge of Allegiance, prayer, and when standing in silent reverence in memory of departed comrades, when the cap should be held with the right hand over the heart.
- Female members of the Legion should wear their caps in the manner prescribed for female personnel of the armed services.

## Motorcycle Parade Flag Holder

A ready-made, high-quality parade-use flag holder. Innovative design, versatile, easy on-and-off. This parade flag holder bar is designed to fit any motorcycle with a trailer hitch. It includes a chrome receiver bracket that is permanently bolted onto the trailer ball and will not interfere with your trailers coupler (for Harley Davidson® FLT™ & FLH™ models, two small receiver tubes bolt onto the lower fender, and or saddlebag supports, and remain virtually unseen). The flag holder bar can then be installed or removed from the receiver bracket in seconds by removing two safety pins.

- Includes one flag holder socket. One or two more can be added (sold separately, #120.222) to accommodate up to three flags.
- The sockets accommodate up to 1-1/4" diameter poles, and are machined at a 150-degree angle to their bases. They can be rotated and tightened to display your flags, angled to the rear, sides, diagonally, or any combination of these.
- All components are machined from aircraft quality aluminum and steel, then polished to a flawless finish and triple chrome-plated.
- Flags and poles not included.
- Made in USA.

- Made from lightweight and strong aircraft aluminum tubing.
- Features a durable silver anodized finish, quick release flag mounting clips, and topped off with an attractive gold ball.
- Designed for displaying flags up to and including 3' x 5'. (Flag not included)
- Made in USA.
- NOTE: This flag pole is meant for parade use only, and is recommended for use at a maximum speed of 25mph (due both to the adverse handling that a flag can cause at higher speeds, as well as the load limit of the flag pole.)

## Patch Attach

Permanent, washable, dry-cleanable, non-toxic. A quick way to attach patches...with no sewing! Designed to bond almost any patch to fabric. So put away your needle and thread, and use "Patch Attach" instead!

## How to use:

1. Apply "Patch Attach" along the EDGE of the entire patch back (do not apply to entire patch back).
2. Let glue dry for 10-20 minutes.
3. Position patch on the garment. Cover with a press cloth (such as an old T-shirt) to prevent scorching.
4. Press with a dry iron on cotton setting (no steam) for 60 seconds.
5. If possible, iron on reverse side for additional 30 seconds.

**\$4.95 (820.500)**

## Badge Magic

Never sew on another patch! Unique peel-and-stick adhesive makes patch application easy. Once applied, adhesive will withstand washing and drying (do not dry clean). Each sheet of Badge Magic (4.25" x 6") will apply one patch up to 4", or multiple smaller patches.

## How to use:

1. Place patch on adhesive sheet, and trace around it.
2. Cut out patch shape with scissors.
3. Peel off paper layer, and press patch onto adhesive.
4. Peel off patch, and press firmly onto garment.
5. Turn garment inside out, and rub back of patch firmly.
6. Heat in clothes dryer for 20 minutes.
7. If needed, apply medium heat with iron for 5-10 seconds.

**\$1.95 (820.501) one sheet**

### Badge Magic

Never sew on another patch! Unique peel-and-stick adhesive makes patch application easy. Once applied, adhesive will withstand washing and drying (do not dry clean). Each sheet of Badge Magic (4.25" x 6") will apply one patch up to 4", or multiple smaller patches.

#### How to use:

1. Place patch on adhesive sheet, and trace around it.
2. Cut out patch shape with scissors.
3. Peel off paper layer, and press patch onto adhesive.
4. Peel off patch, and press firmly onto garment.
5. Turn garment inside out, and rub back of patch firmly.
6. Heat in clothes dryer for 20 minutes.
7. If needed, apply medium heat with iron for 5-10 seconds.

### Patch Attach

Permanent, washable, dry-cleanable, non-toxic. A quick way to attach patches...with no sewing! Designed to bond almost any patch to fabric. So put away your needle and thread, and use "Patch Attach" instead!

2. Let glue dry for 10-20 minutes.
3. Position patch on the garment. Cover with a press cloth (such as an old T-shirt) to prevent scorching.
4. Press with a dry iron on cotton setting (no steam) for 60 seconds.
5. If possible, iron on reverse side for additional 30 seconds.
